

An AFC Industries Company

HYDRAULIC • ELECTRICAL • PNEUMATIC • MECHANICAL

THE EMCO ADVANTAGE:

- Precision assembly and distribution.
- Cost savings through efficient processes.
- Expert support throughout the project.

MORE THAN A PARTS SUPPLIER

We are a specialty industrial company that partners with OEMs and other industrial businesses to provide seamless support in light assembly and component sourcing. Our expertise spans electrical, mechanical, pneumatic, and hydraulic control systems, offering build-to-print, collaborative design, and comprehensive component supply services tailored to your needs.

Need component selection help?

Our collaborative approach ensures we work with you from concept to completion.

HIGH QUALITY PRODUCTS FROM LEADING BRANDS

We source high-quality products from top brands like SEW Eurodrive, Nachi, Lenze, Gates, and more, ensuring reliability and performance in every solution we deliver. We also offer the flexibility to source additional brands based on your specific needs, ensuring you get the right components to keep your operations running smoothly.

Fluid Power Products

*Cylinders
Filters
Fittings & Tubing
FRLs
Heat Exchangers
Hydraulic Power Units
Hydraulic Pumps*

*Manifolds
Pump Accessories
Hydraulic Valves
Pneumatic Valves
Rotary Unions
Reservoirs
Cartridge Valves
Servo/Proportional Valves
Hydraulic Accumulators*

Drives & Automation

*AC Inverters & Flux Vector
Brake Motors
DC Drives & Controls
Linear Actuators
Linear Servos
Precision Gearing*

*Precision Motion Control
Sensors, Photo/Prox, Limit Switches
Stepping Motors & Amplifiers
Servo Motors & Amplifiers
Temperature Sensors*

Electrical Products

*Enclosures & Accessories
Heaters
Motors, Starters, Circuit Breakers,
Disconnects
Pushbuttons*

*Safety Interlock Switches
Softstarts
Transformers
Stack Lights
Foot-Switches*

Power Transmission

*Bearings
Belts
Couplings
Open Gearing
Linear Bearings
Mechanical V/S Drives*

*Metric Power Transmission Products
Roller Chain
Sheaves
Speed Reducers & Gear Motors
Screw Conveyors
Sprockets
Synchronous Belts & Drive*

BENEFITS OF EMCO BEING PART OF AFC INDUSTRIES

As a division of AFC Industries, EMCO gains significant advantages that enhance our ability to deliver top-quality power and motion control solutions:

- **Enhanced Resources:** Access to AFC's expertise and advanced technology ensures top-quality solutions.
- **Supply Chain Efficiency:** Streamlined operations and global sourcing reduce lead times and costs.
- **Expanded Capabilities:** Broader, scalable services leverage AFC's infrastructure.
- **Financial Stability:** Strong financial backing enables innovation and long-term customer support.
- **Quality Commitment:** Adherence to AFC's rigorous standards ensures reliable products.
- **Collaborative Innovation:** Synergy with AFC divisions drives cutting-edge, tailored solutions
